

QUANTUM POWER MODULE MN2

INSTRUCTIONS

Power Module MN2 was designed for use with the Nissin 4200 GTE, 4500 GTE, New Style 5000 GT/GW, 5200 GW, 6000 GT, and Vivitar 4900 VT flashes.

To use remove the Nissin and Vivitar battery chambers and insert the Power Module MN2 into the flash. Depress the two side clips and lock into place.

See the Quantum Battery 2 Operating Manual for further instructions.

CAUTION!

The Quantum Battery Power Modules are designed for use with the Quantum Battery. To avoid damage to your flash **DO NOT USE WITH OTHER POWER PACKS.**
